**Speaker: Yana Rodgers, PhD - The Future of Work, Domestic Workers, and the Gig Economy**

Dr. Rodgers talks about the care economy, how that care is organized, and how technology has impacted care providers. The number of home health aides has surpassed housekeepers and child care providers. These workers are predominantly women. Are they being paid fairly? How does their earnings affect women's pay equity? **Yana Rodgers** is a Professor in the Department of Labor Studies and Employment Relations, and in the Department of Women's, Gender, & Sexuality Studies at Rutgers University. She also serves as Director of the Center for Women and Work at Rutgers.

**Play: *The Road to Women's Suffrage: A Reader's Theater* tells the story, in photographs and direct quotations, of the 72-year struggle for the right to vote. And the fight for equality goes on...**
